G9 FLOOR LAMP

These instructions are provided for your safety.
Please read carefully before commencing work and retain for future reference.

SAFETY INFORMATION

* The supply cable runs through the inside of the fitting. Take care not to place undue stress on the cable whilst unpacking to prevent the possibility of a poor connection.
* If the external flexible cable of the lamp is damaged it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
* If you are in any doubt consult a person competent to give advice on the assembly of electrical equipment.
* To prevent electrocution switch off at the mains supply before assembling or maintaining this fitting. Ensure the plug is not connected to any power supply and read instructions before assembly.
* Always be sure to use the correct type and wattage of bulbs as indicated on the fitting. Do not exceed wattage stated.
* This fitting is designed for use with self-shielded tungsten halogen lamps only. [redacted]
* When changing the bulb, always switch off at the mains and allow the old bulb to cool down before handling. Dispose of old bulbs carefully.

.

ASSEMBLY INSTRUCTIONS

1. Unpack the floor lamp and remove all packaging. Be careful that you do not scratch surface of the stems whilst removing plastic wrapping.
2. Cover floor with a soft cloth to avoid damage to the flooring and surface of the product then lay this product out on the floor. Assembly should take place with the product lying flat.
3. Where required remove the plastic / cardboard cable protectors that are fitted at cable entry points inside stems and floor lamp base.
4. Firmly hold the lamp holder stem and then screw the lower stem into the upper section together, taking care to hold stems parallel to avoid cross threading. j
5. Hold assembled sections firmly then screw the lower stem into the upper section, taking care to hold stems parallel to avoid cross threading. k
6. Gently pull the excess cable out of base until the lower stem meets the centre of base. l
7. Hold assembled stems firmly and screw base onto the assembled stems. m Make sure that the threads do not become crossed. If in doubt unscrew base then start again. **Take care not to over tighten**.
8. With the product laid on a covered surface peel off the protective cover on the base felt, attach this onto underside base of the lamp whilst making sure it is fitted centrally. n Stand lamp upright and ensure all assembled parts are fully tightened.
9. **Fit bulb**, type and wattage as indicated on fitting. o **The wattage indicated must not be exceeded.** [redacted] **Always use self-shielded bulbs.** Do not touch halogen bulbs with bare hands, as this will shorten their life.
10. Carefully crew glass onto the lamp holder, **do not over tighten.** §
11. Your floor lamp is now ready for use.
