• Architectural design • Parallel connection possible • Two light sources for extra light output
• Space for a house number or text • Durable material that is well-suited for harsh weather •

Pontio is a series of outdoor lights with a streamlined, architectural design by Danish design duo Says Who. The geometric shape adds modern yet timeless style to your home, while the oblique shade provides a unique and interesting look from all angles. The large, illuminated plate is the perfect way to highlight the residents' house number or names.

The beautiful and durable version in galvanised steel is especially suitable for use in harsh coastal climates. Nordlux offers a 15-year warranty on galvanised steel. This warranty includes extensive corrosion in the form of holes in the metal caused by rust.
