one LIGHT

1

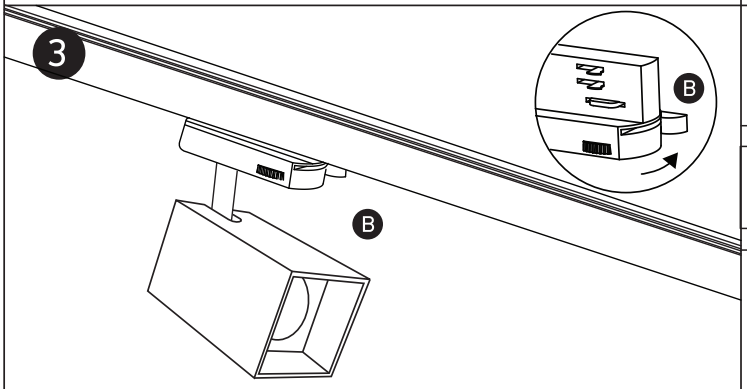

To mount the track adaptor into the track system, first check that the selector knob Ⓐ is at OFF position and the adaptor lock Ⓑ is disengaged.

2

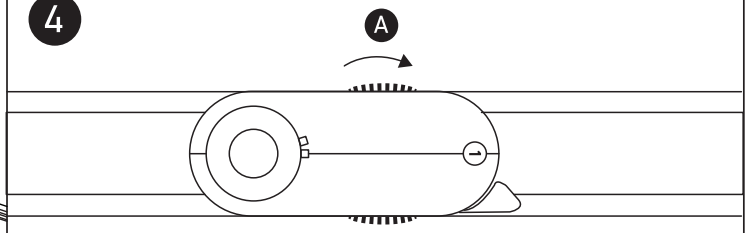

When installing the adaptor into the track, ensure that it is orientated correctly.

3

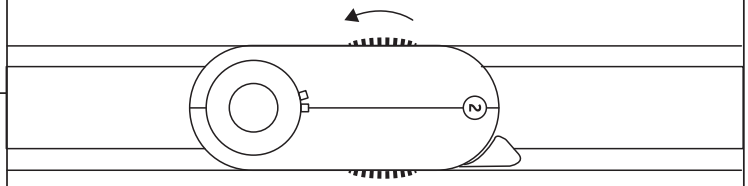

Rotate adaptor lock Ⓑ clockwise 90° to lock the adaptor into the track system.

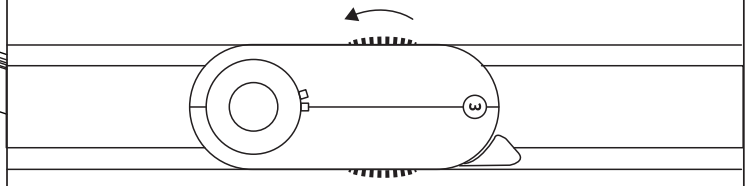

4

Circuit 1: To connect on circuit 1, from OFF position, rotate the knob Ⓐ clockwise to position 1.

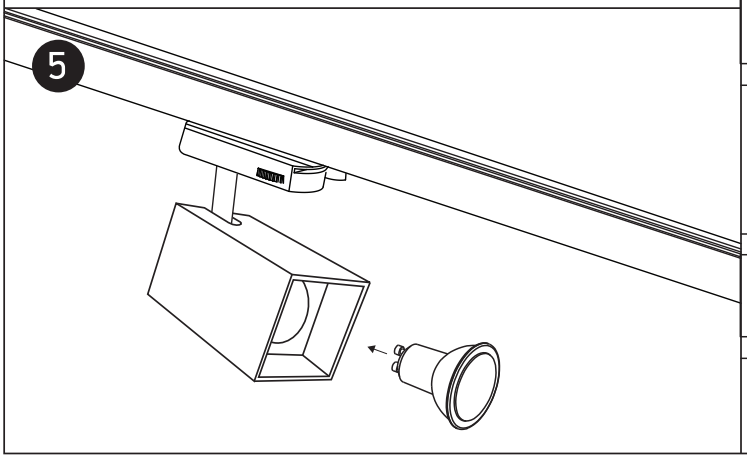

Circuit 2: To connect on circuit 2, from OFF position, rotate the knob Ⓐ anti-clockwise to position 2.

Circuit 3: To connect on circuit 3, from OFF position, rotate the knob Ⓐ anti-clockwise to position 3.

5

Warnings:

1. Make sure that the product is installed properly before connecting to electricity.
2. Do not cover the fitting.
3. Maintenance and installation should only be carried out by a professional electrician.
