# **SIRIO** FRAME

The Sirio Frame is an innovative luminaire providing a decorative frame of light. The square panel outline designed for the ceiling, illuminates an indoor space just as effectively as the more common full panel. The fire barrier is mantained as the ceiling tile is in place. It offers a high lumen output of 3600 lumens and a longer life span as there is no discolouring concern, but still with a beam angle of 120°. Ideal for commercial applications.

**NEW** PRODUCT

**LONG LIFE** SPAN

- Constructed from aluminium alloy & opal polycarbonate
- Gloss white finish
- 40W LED module (SMD)
- Emergency LED conversion kit available, see page 260
