ALTUM

The Altum LED Highbay produces a market leading 130lm/W. Supplied as standard with 1 - 10V dimmable flicker-free driver. It features an IP65 rated die-cast aluminium body for an enduring build-quality suited to industrial environments. Energy savings of up to 65% compared to Metal Halide, while maintenance costs are also significantly reduced thanks to a high thermal efficiency aluminium heatsink that leads to a low operating temperature and greater heat dissipation. Optional accessories include Microwave sensors, adjustable installation bracket, remote control and a choice of diffusers.

NEW PRODUCT

130 LM/W

IP65 RATED

IK08 RATED

1-10V DIMMABLE

- Constructed from aluminium alloy
- Matt black finish
