Appearance or functionality? With our TRES pendant light, you no longer have to choose. It will make an amazing addition wherever you want to introduce lots of light. The intense glow of the TRES lamp spreads evenly in all directions, and its unique, minimalist form perfectly enhances modern interiors.
Choose TRES in a colour version that will best complete your decor. Do you prefer delicate white or expressive black? Both colour options will look great hanging over a triangular coffee table, or in a dining room filled with geometric furniture.
